

PROBLEMS OF DAY ARE DISCUSSED BY BANQUET SPEAKERS

Monday Evening Club Holds
Its Annual Celebration
at Rauscher's.

Civic needs, suppression of the loan sharks' welfare work in behalf of men and women, indorsed charity to protect citizens from unscrupulous agents, greater opportunities for the consumer, and religion as a factor in public improvement, were subjects discussed last night at the annual banquet and reception of the Monday Evening Club at Rauscher's.

Nearly 150 guests were in attendance, and the deep interest in the themes was manifest by the generous applause. The Rev. John Van Schalek, Jr., president of the club, presided as toastmaster, while the committee in charge was composed of C. W. Skinner, Mrs. Edna Keene Bushee, Charles F. Nesbitt, Mrs. E. A. Henderson West, and Frederick L. Siddons.

Speakers included the Rev. Frank Goodwin, Mrs. Medill McCormick, Congressman George F. O'Shaunessy, Walter C. Clephane, and Dr. Harvey Wiley. The toasts were brief in most instances, save where the work of the past year was described.

Speaks on Charity.
The address of Mr. Clephane, chairman of the charities indorsement committee, recently appointed by the Commissioners, was of especial interest as reflecting the vigorous efforts now being made by the authorities to stamp out indiscriminate charity and safeguard the charitably inclined citizens from the frauds and misrepresentations now practiced by many people.

Mr. Clephane criticized the plan of some organizations giving concerts and entertainments in the name of charity and drawing hundreds of dollars from the public when only a very small percent of the proceeds really goes to charity.

Mrs. Medill McCormick, chairman of the welfare department of the Civic Federation in Washington, told in an entertaining way of the activities of her committee in bettering the working conditions of men and women in the District. She explained that many visits were made to public buildings and places of employment at first hand, and that much of the work was done quietly and almost secretly.

Moral support of the church and church members was urged by the Rev. Frank Goodwin in responding to the toast, "Civic Religion." The pastor stated that many reforms were launched in which the church could not become active, although it was highly desirable that the members take a personal interest in the movement, and that the church lend its moral support.

Pleads for Consumer.
Dr. Wiley's toast was a plea to give the consumer a square deal. He said the consumer did not need any charity if first offered a fair opportunity to survive. He stated that the word "humbug" was altogether appropriate in referring to "the man who pays the bills." Congressman O'Shaunessy spoke humorously and kept the banqueters in an uproar, and incidentally urged legislation to suppress the loan sharks, or at least to restrict their operations.

Ban Upon Sunday Dancing Advocated

Resolutions of protest against dances on Sunday, and asking the Commissioners to exercise their authority in preventing this "violation of one of the Ten Commandments," were introduced by W. S. Curriden at a meeting of the East Washington Citizens' Association last night. Mr. Curriden offered no argument in support of the resolution, which was referred to the executive committee without debate.

Following a spirited debate a resolution offered by W. M. Potter, president of the association, favoring a rate of \$2 a day wage per diem employees of the street cleaning department was referred to the executive committee.

The association went on record as opposed to the bill requiring the real value real estate bill.

Thomas W. Smith introduced a resolution calling for a conference between committees of the East Washington, Lincoln Park, Northwest, and Southeast Citizens' Associations to suggest possible routes for new street railways, which was referred to the committee on steam and street railways.

Aid in securing the passage of the bill providing for the widening of Benning road, was asked by James M. Wood in behalf of the Northwest Washington Citizens' Association. The matter was referred to the committee on streets and avenues.

So Tired of Tired Feet! Use TIZ

Gets the "Tired" Out in a Few Minutes.
Makes Your Feet Sore-Proof.

"O fudge! It's awful how tired feet make you feel tired all over—so dead tired. Then, when you've got a corn besides, and a bunion, and a few blisters, and your feet are terribly swollen,

"Pull, Johnny, Pull!"

you don't care if you've got a million dollars—you're tired, that's all. A million dollars can't help you any more than 25 cents will.

A quarter buys a box of TIZ—a wonder for tired, sore, tender, chafed, blistered, swollen, sweaty, smelly feet, corns, callouses and bunions, chilblains, frost-bite. The moment you use it, you give a sigh of relief, and then you smile. There's nothing as good as TIZ, so don't accept any attempted imitation. TIZ draws out all the poisonous exudations that make foot troubles.

TIZ, 25 cents a box, sold everywhere, or sent direct, on receipt of price, by Walter Luther Dodge & Co., Chicago, Ill. Recommended by all Drug Stores, department and general stores.

EDUCATION BOARD TO ASK CONGRESS FOR MORE MONEY

Senate Committee Will Be
Urged to Restore Items
Cut Out in the House.

Members of the Board of Education will attend the hearing before the Senate Committee tomorrow on the District appropriation bill, the ways and means committee of the board having been summoned by President James F. Oyster to accompany Superintendent Davidson and himself. The school men's attendance is in response to the invitation of the District Commissioners.

Practically all the members of the committee have informed President Oyster that they will be on hand when the hearing begins at 10:30 o'clock. The committee includes Henry P. Blair, chairman; William D. Hoover, Dr. William V. Tunnell, Ernest H. Danley, and President Oyster, ex officio. Other members of the board probably will attend out of interest in the question at issue and one or two members of the superintendent of schools' staff are likely to be at hand, too.

The spokesmen for the schools will include President Oyster, Mr. Blair, and Dr. Davidson who are expected to show how the House bill, as passed, cut out the following items reported favorably by the District Commissioners. All additions in the teaching staff, twenty-two in number.

All new buildings, including the badly needed new Central and St. Street High School buildings in addition to the Chevy Chase, Takoma, and Birney schools, the Corcoran School in Georgetown, and an eight-room building on Rock Creek road, near the Soldiers' Home. These buildings were estimated to cost approximately \$500,000.

Three additional clerks and librarians in the new normal schools.

All increases in salaries.

Besides the items the House bill cut out a large number of smaller appropriations, none of them of great importance, individually considered, but necessary for the improvement of the District school efficiency, according to the statements of both school authorities and the Commissioners.

It is likely that the petitioners to the Senate committee tomorrow will ask for the restoration of all these items and urge appropriation for every one, although energy will be concentrated a little along certain lines. The additions to the teaching staff will be strongly urged, for the growth of the school attendance makes this a necessity.

Additional school room is about equally necessary also and the plea for new buildings will be fervent.

The House bill, which has gone to the Senate, leaves the school appropriation practically unchanged from the last year, a state of affairs which shows on its face no chance for progress, say friends of the District school system.

COLUMBIA TURNERS HOLD FORTY-NINTH ANNUAL MASK BALL

Lords and Ladies, Jesters
and Devils Throng Old
Masonic Temple.

The forty-ninth annual masked ball of the Columbia Turnverein filled the Old Masonic Temple with lords and ladies, fools, jesters, and devils last night. A section of the Marine Band, directed by Siegfried Scharbau, gave a concert program that was followed by the entrance of a score of clowns, masked and dressed as clowns, furnished many amusing athletic features.

Eight hundred dancers attended the affair. Refreshments were served during the evening, and the event was unanimously voted a great success.

The board of judges awarded prizes for best groups or individual costumes as follows:

First prize, fancy group, Mrs. Betty Schleicher, Arthur Schleicher, Mrs. Henry Wisch, Mrs. M. Kull, Mrs. J. Irones, Mrs. C. Hoffman; second group, original masks, "The Nut Club Band," Carl Falkenberg (director), Fritz Albrecht, W. Brodbeck, E. E. Mann, Brodt, Fred Brinkmann, George Wore, H. Schoneberger, Fred Fisher, H. H. Graver, Martin Egan, H. DeWane, John Kenney, J. F. Kelle, Joseph Selenke, James Duane; third group, clowns of senior turning class, individual prizes, Miss Sophie Schultz, Miss Hilda Maier, Charles Jacobson, A. J. H. Hougel, Fred Carl, W. Emmons, Emil Schaefer, Franz Craft, and others.

The committee that had the plans in charge were:

Arrangements—John Alt, chairman; August Link, A. R. Kuehn, A. G. Beuwer, and Julius Duerhing.

Reception—Congressman Richard Bartholdt, District Commissioner Cuno Rudolph, Christian Heurich, E. E. Mann, W. F. Guft, W. Nordhoff, Andrew Loeffler, Ernst Giesner, Paul Huffer, Oscar Schlenker, Ernst Gerstenberg, Rudolph Saur, Emil G. Schaefer, A. W. Spahnhoof, E. F. Jurksen, Fred Kramer, W. Brodt, Fred Brinkmann, and Fred Albrecht.

Floor Albert Buehler, chairman; Bernhard Endres, Henry Wisch, Paul Arndt, Charles Spies, Herman Schmidt, Max Schmidt, and Franz Krefft.

Dr. Wiley to Talk.

Dr. Harvey W. Wiley will make an address on the topic, "Can Women Help?" in the Public Library at 5 o'clock Thursday evening, under the auspices of the Stanton Suffrage Club. Dr. Wiley will discuss the part that women can play in enforcing laws and bringing about the passage of remedial legislation. This address will be made in place of one by Judge W. F. Stafford, who will speak on a later date.

TIMES IS THANKED FOR EFFORTS MADE TO WIN TRANSFERS

Citizens' Conference Au-
thorizes Committee to Urge
Passage of Bill.

Highly encouraged by the progress of legislation for universal transfers on the street railway lines of the District the Citizens' Conference on Universal Transfers last night approved a lengthy report of its executive committee and authorized a committee of three officials to represent the conference in urging the passage of the bill by the House, and to continue its work "until the law has been signed by the President of the United States."

That eighteen Congressmen, who carry union labor cards, are not only pledged to vote for the universal transfer bill, but are now working in its behalf, was the statement of P. J. Ryan, attorney for Central Labor Union. The announcement was greeted with applause.

Thanks for The Times.
A vote of thanks to The Washington Times for its agitation of the transfer question and its efforts in behalf of the public service corporations was also unanimously adopted. The motion was proposed by Washington Topham, representing North Washington Citizens' Association, and the North Capitol and Eckington Citizens' Association.

P. V. Keating, chairman of the executive committee, made an extensive report upon the work of the committee, reviewing it from the time of preparation of the bill to its passage by the Senate. Five recommendations were made and approved as follows: That the conference urge the immediate passage by the House of the transfer bill which has already passed the Senate, and that the organizations composing the conference also directly urge it; that a letter of appreciation be sent to Senator Works for the support he has given the citizens in their fight; that letters of thanks be sent to the Congressmen, representing the Retail Merchants' Association, as members of the committee.

Ask for a Denial.
Mr. Keating called attention to remarks of Commissioner Judson before the Senate District Committee in com-

paring the conference organization with the Federation of Citizens' Associations, and moved that the conference make denial of the statement and inform the House District Committee as to the facts. The motion was carried. Mr. Keating estimated that the conference organization, through its constituent bodies, represents over two-thirds of the population of the District.

A rising vote of thanks to the Chamber of Commerce for use of its rooms was made by Mr. Topham and adopted. Those present at last night's meeting were Charles W. Darr, representing the Chamber of Commerce; P. J. Ryan, Central Labor Union; H. J. Clark, Columbia Heights Citizens' Association; Bristol Adams, C. L. Mendel, and P. V. Keating, Rhode Island Avenue Suburban Citizens' Association; Washington Topham, North Washington Citizens' Association, and North Capitol and Eckington Citizens' Association; M. M. McLane, Brookland Citizens' Association; B. J. Northcott, Lincoln Park Citizens' Association, and G. H. Gail, Retail Merchants' Association.

No further meetings of the conference will be called unless requested by members of the special committee in charge of the bill.

Master Plumbers Form Theater Party

The thirtieth anniversary of the organization of the National Association of Master Plumbers, was celebrated last night by master plumbers of the District with a party at Chase's Theater and a banquet after the show at the Republique. The affair was participated in only by members of the local branch and their families. About one hundred persons attended.

All master plumbers, members of the association in various parts of this country, 10,000 in number, celebrated the anniversary yesterday.

SAYS QUININE WILL NOT BREAK A STUBBORN COLD

How to cure the most severe cold
and end all Gripe misery
in just a few hours.

You will distinctly feel your cold breaking and all the Gripe symptoms leaving after taking the very first dose. It is a positive fact that Pape's Cold Compound, taken every two hours, until three consecutive doses are taken, will end the Gripe and break up the most severe cold, either in the head, chest, back, stomach or limbs.

It promptly relieves the most miserable headache, dizziness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, mucous catarrhal discharges, soreness, stiffness, and rheumatic twinges.

Pape's Cold Compound is the result of the latest research at a cost of more than fifty thousand dollars, and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or gripes.

Take this harmless compound as directed, with the knowledge that there is no other medicine made anywhere else in the world, which will cure your cold or end gripe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist in the world can supply.

Mr. Keating called attention to remarks of Commissioner Judson before the Senate District Committee in com-
